

Sven RZ

Blocky, Yellow

Description

Sven RZ is a robust yellow capsicum variety that performs in a range of conditions and climates. Fruit are very uniform in shape and size, have a vivid yellow colour, and an average fruit weight of around 190g. The adaptability of Sven to a range of climates, in addition to a crop, which is compact but open and labour friendly, means that it is well suited for both high tech and low-tech crops, including greenhouses with a lower gutter height.

Key features:

- Yellow greenhouse capsicum, afw 190-220g
- Compact vigorous plants. Excellent shaped fruit
- Suitable for heated crops

Resistances

HR Tm:0-2

IR TSWV:0

Sharing a healthy future

Rijk Zwaan's descriptions, illustrations, growing advices and any other information in whatever form for example on expiry, sowing, planting and harvesting dates are based as precisely as possible on experiences in trials and in practice. However, Rijk Zwaan does not accept in any case liability for damages resulting from the use of such descriptions, illustrations, growing advices and information. The buyer/user itself is responsible for proper storage of the seeds and will be deemed to determine whether the products and growing advices are suitable to be used for the intended cultivations and under the local conditions. Inclusion of a variety in this edition does not automatically imply that such a variety is available for purposes of exploitation; it might be available for testing only.
