

Lydia RZ

Oval

Description

Lydia RZ is a versatile and vigorous variety that has huge potential to offer diversity in the Australian market with its attractive purple and white striped oval fruit. It is suitable for both heated and unheated production and shows high levels of vigour through winter. Lydia has also performed well in the open field and showed improved colour in cold conditions. Fruit are virtually spineless and consumers will love the attributes of a mild flavour and a firm white flesh that absorb less oil than standard eggplant varieties.

Key features:

- Purple and white striped oval variety
- Firm white flesh. Good shelf life and flavour
- Suitable for heated and unheated production

Sharing a healthy future

Rijk Zwaan's descriptions, illustrations, growing advices and any other information in whatever form for example on expiry, sowing, planting and harvesting dates are based as precisely as possible on experiences in trials and in practice. However, Rijk Zwaan does not accept in any case liability for damages resulting from the use of such descriptions, illustrations, growing advices and information. The buyer/user itself is responsible for proper storage of the seeds and will be deemed to determine whether the products and growing advices are suitable to be used for the intended cultivations and under the local conditions. Inclusion of a variety in this edition does not automatically imply that such a variety is available for purposes of exploitation; it might be available for testing only.
