Sungari RZ (44-CL5535)

Crystal lettuce

Lettuce for high density hightech hydroponic

Sungari is one of our dark red, with a pink undertone, Crystal lettuce. It will charm you thanks to its texture as well as to its leaf shape. Sungari RZ best grown from late Summer until Spring under artificial lights.

Resistance: **HR:** Bl:29-41EU **IR:** LMV:1/Fol:1

- Open dark red Crystal, strong against tip burn and bolting
- Late Summer to Spring under artificial light.
- Amazing on high density hightech hydroponic system all year round
- Sturdy and curled leaves
- Deep dark red colour
- Large rather crispy, smooth leaves

Rijk Zwaan's descriptions, illustrations, growing advices and any other information in whatever form for example on expiry, sowing, planting and harvesting dates are based as precisely as possible on experiences in trials and in practice. However, Rijk Zwaan does not accept in any case liability for damages resulting from the use of such descriptions, illustrations, growing advices and information. The buyer/user itself is responsible for proper storage of the seeds and will be deemed to determine whether the products and growing advices are suitable to be used for the intended cultivations and under the local conditions. The original English version is the prevailing version.
